The Head Office and Others (HOO) reported a profit before tax of RM22.72 million, a significant turnaround from the RM76.66 million loss recorded in the same quarter last year. This improvement was primarily driven by a fair value gain of RM20.66 million on quoted securities, specifically Verde Resources, Inc. (stock code: VRDR), listed on the US OTC Markets, which closed at USD 0.283 at the end of the quarter. The Board views this investment as a long-term holding and remains confident in its future appreciation.

Food and Franchise Operations (FFO) recorded a revenue increase to RM18.35 million, up from RM16.21 million in the corresponding quarter last year. This growth was primarily driven by the expansion of outlets from 127 to 139 and improved market sentiment. The loss of RM1.63 million for the current quarter was mainly attributed to one-off expenses incurred for the 45<sup>th</sup> year Franchisees' Convention held in Kota Kinabalu in November 2024.

Property Investment & Management (PIM) reported a revenue decline to RM0.45 million for the quarter under review, down from RM1.59 million in the corresponding quarter last year. The loss before tax widened to RM1.47 million from RM1.07 million. This decline in revenue and increased losses were primarily due to reduced on-site activities following the completion of project management for an Integrated Limestone Processing Plant, resulting in fewer operational engagements and weaker financial performance for the quarter.

Resources & Sustainable Energy (RSE) recorded a revenue of RM0.89 million for the current quarter, a decrease from RM4.34 million in the corresponding quarter last year. The decline in revenue was primarily due to reduced sales of limestone and other mineral resources, which significantly impacted overall performance, leading to lower revenue and higher losses for the period under review.

For the current quarter under review, the Group reported revenue of RM19.70 million and a profit before tax of RM17.78 million. This marks a significant improvement compared to the preceding quarter, which recorded revenue of RM19.22 million and a loss before tax of RM157.05 million.

The Group's higher revenue this quarter was primarily driven by improved contributions from Food and Franchise Operations (FFO), supported by seasonal holiday demand. The reversal of profit before tax to RM17.78 million from a significant loss of RM157.05 million was mainly due to a fair value gain on quoted securities, compared to a fair value loss in the previous quarter. Despite these temporary fluctuations, the Group remains optimistic about its future performance and the recovery potential of its stock.

### **B3.** Prospects

Malaysia's economy is projected to grow steadily in 2025, with GDP growth forecasts ranging between 4.7% and 5.0%, driven by domestic demand, investment, and exports. Capitalizing on this positive economic momentum, the Group aims to refine its business strategies and explore new opportunities to generate sustainable returns for shareholders in the fiscal year ending 2025.
